MEMORANDUM

TO: State Agencies

FROM: Dana Hoffer
State Records Manager

SUBJECT: **Records Retention and Destruction Schedule Manual**

DATE: December 22, 2016

In 1967, the South Dakota Legislature established the Records Management Program and the Records Destruction Board. In the same act, the Legislature required every State agency to develop a records retention and destruction schedule and declared that “No record shall be destroyed or otherwise disposed of by any agency of the State unless it is determined by majority vote of such board (Records Destruction Board) that the record has no further administrative, legal, fiscal, research or historical value.”

According to Administrative Rule 24:52:11:01, any State government agency planning to destroy agency records shall notify the State Archivist 30 days before the date of the proposed destruction. The request shall include the name or title of the records, inclusive dates, information content of the records, and quantity. This rule applies to all records, including those granted exclusive or continuous disposal authorization by the Records Destruction Board, with the following exceptions: vouchers, original and copies, and supporting documents; warrants, original and copies, multiple copies of State publications stored in bulk; obsolete blank forms; photocopies of computer printouts; and original copies of records that have been legally reproduced under the provisions of SDCL 1-27-4.

The State Archivist has 30 days to certify that the records have no permanent value and may be destroyed, or to make arrangements to transfer the records to the archives. If the Archivist fails to make a recommendation within this time, the records may be destroyed, provided that the agency has received authorization from the Records Destruction Board.

Finally, if you have any questions about implementing this manual or about your records in general, please contact Records Management at 773-3589. We will welcome an opportunity to discuss the proper implementation of sound records management practices.

PETITION FOR AUTHORITY TO DESTROY RECORDS

I, Jeff Vonk (name), acting in my position as the Secretary of the Department of Game, Fish and Parks (title), request that the South Dakota State Records Destruction Board consider the attached "Records Retention and Destruction Schedule" pursuant to SDCL 1-27-13, 1-27-14, 1-27-19 and ARSD 10:03:01-02.

The records petitioned to be destroyed are described in the "Record Retention and Destruction Schedule" Authorization of the Department of Game, Fish and Parks (department) consists of 221 pages and contains record series number(s) GFP-1 (consecutively re-numbered) through GFP-380.

The authority requested is to destroy each record described in the attached Schedule at the expiration of the time provided for the retention of each record.

Authority is also requested to delete "Records Retention and Destruction Schedule" Authorization of the Department of Game, Fish and Parks (department) record series numbers(s) GFP-2, GFP-12, GFP-14, GFP-16, GFP-18, GFP-20 thru GFP-23, GFP-27, GFP-29, GFP-30, GFP-38, GFP-49, GFP-51, GFP-53, GFP-55 thru GFP-59, GFP-62 thru GFP-66, GFP-68 thru GFP-72, GFP-75, GFP-78, GFP-81 thru GFP-83, GFP-86, GFP-115, GFP-132, GFP-139, GFP-141, GFP-154, GFP-157, GFP-159, GFP-160, GFP-162, GFP-164, GFP-175, GFP-177, GFP-178, GFP-184, GFP-186, GFP-197, GFP-205, GFP-212, GFP-220, GFP-222, GFP-224 thru GFP-226, GFP-234, GFP-235, GFP-241, GFP-243, GFP-244, GFP-255, GFP-258, GFP-260, GFP-88, GFP-90, GFP-98, GFP-104, GFP-106, GFP-271, GFP-279, GFP-320, GFP-321, GFP-331, GFP-345, GFP-353, GFP-357, GFP-375, GFP-377, GFP-385, GFP-392, GFP-415, GFP-422, GFP-424, GFP-431, GFP-434, GFP-438, GFP-455, GFP-458, GFP-464, GFP-466, GFP-473, GFP-475, and GFP-50.

The undersigned certifies that the retention for each and every record petitioned to be destroyed does not violate any minimum retention time required by state statute; will allow for required state and federal audits to be performed or the time within which to make said audits to pass; and will allow for all applicable statutes of limitations to pass for all state contracts and Surety Bonds.

Jeff Vonk, Secretary of the Department of Game, Fish & Parks

12/11/07

Date

The above and foregoing Petition is hereby recommended for approval by the State Records Destruction Board.

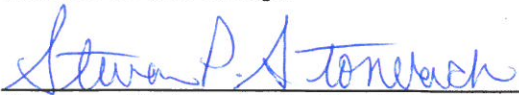

Dana Hoffer, State Records Manager

12/17/07

Date

DESTRUCTION AUTHORITY

I hereby certify that the State Records Destruction Board met on the 18th day of December, 2007, and authorized the destruction of the records described in the foregoing Petition at the expiration time provided for their storage.

Signature, Chairman of the Board

PETITION FOR AUTHORITY TO DESTROY RECORDS

I, Jeffrey R. Vonk (name), acting in my position as the Secretary of the Department of Game, Fish, and Parks (title), request that the South Dakota State Records Destruction Board consider the attached "Records Retention and Destruction Schedule" pursuant to SDCL 1-27-13, 1-27-14, 1-27-19 and ARSD 10:03:01-02.

The records petitioned to be destroyed are described in the "Record Retention and Destruction Schedule" Authorization of the Department of Game, Fish and Parks (department) consists of 1 page and contains record series number(s) GFP-21.

The authority requested is to destroy each record described in the attached Schedule at the expiration of the time provided for the retention of each record.

Authority is also requested to delete "Records Retention and Destruction Schedule" Authorization of the Department of Game, Fish and Parks (department) record series numbers(s) N/A.

The undersigned certifies that the retention for each and every record petitioned to be destroyed does not violate any minimum retention time required by state statute; will allow for required state and federal audits to be performed or the time within which to make said audits to pass; and will allow for all applicable statutes of limitations to pass for all state contracts and Surety Bonds.

Jeffrey R. Vonk, Secretary of the Department of Game, Fish, and Parks

PETITION FOR AUTHORITY TO DESTROY RECORDS

I, Kelly Hepler (name), acting in my position as the Secretary of the Department of Game, Fish and Parks (title), request that the South Dakota State Records Destruction Board consider the attached "Records Retention and Destruction Schedule" pursuant to SDCL 1-27-13, 1-27-14, 1-27-19 and ARSD 10:03:01-02.

The records petitioned to be destroyed are described in the "Record Retention and Destruction Schedule" Authorization of the Department of Game, Fish and Parks (department) consists of 1 page and contains record series number(s) GFP-292.

The authority requested is to destroy each record described in the attached Schedule at the expiration of the time provided for the retention of each record.

The undersigned certifies that the retention for each and every record petitioned to be destroyed does not violate any minimum retention time required by state statute; will allow for required state and federal audits to be performed or the time within which to make said audits to pass; and will allow for all applicable statutes of limitations to pass for all state contracts and Surety Bonds.

Kelly Hepler, Secretary of the Department of Game, Fish & Parks

11/16/16

Date

The above and foregoing Petition is hereby recommended for approval by the State Records Destruction Board.

RM CUSTOMER #: 0151

<u>RECORD</u> <u>SERIES NO.</u>	<u>TITLE---DESCRIPTION---RETENTION AND DESTRUCTION SCHEDULE</u>	<u>R.D.B.</u> <u>AUTHORITY</u> <u>NUMBER</u>
------------------------------------	---	--

GFP-1. ADMINISTRATIVE REFERENCE FILES:

07-060

This series is arranged by subject matter and contains information used in the daily administration of the program. Information may include: solar energy, park and playground equipment, United States Army Corp of Engineers "404" permits, penitentiary projects, geological surveys, supplies, master files, facility plans, campgrounds, maps, boating and map designs, ramps, docks, marinas, buoys, park histories and management reports, construction materials, and steel and wood products. This record series is maintained for reference purposes and is used when writing project specifications.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(NOTE: Cull files at least once each year to avoid a build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-1.)

GFP-2. FIELD NOTES, BOUNDARY:

07-060

This series is arranged alphabetically by county and contains the original engineering notes used to support plats, document boundaries of department owned lands, and to locate and clarify boundaries. Information may include: ledger notes, actual land surveys, distance angles, locations and sections, and road access information. This record series is maintained for reference of department-owned land.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Previous record series number was GFP-3.)

------------------------------------	---	--

GFP-3. PLAN FILES, LEVEL ONE:

07-060

This series is arranged by project number and contains plan sheets, which contain drawings and notes describing the detail for individual construction or repair projects. The Game, Fish and Parks Department considers level one plan files as minor repair and/or minor construction projects with no federal funding. These projects are generally under \$25,000 with low design time, low risk, low administrative value, low fiscal value, and low legal value. This record series is maintained for short-term reference and documentation purposes. The audit records are maintained by the Game, Fish and Parks Fiscal Office in the "Project Files".

RETENTION: GFP ENGINEER: Retain 1 year in office, then destroy.

(Note: Previous record series number was GFP-4.)

GFP-4. PLAN FILES, LEVEL TWO:

07-060

This series is arranged by project number and contains plan sheets, which contain drawings and notes describing the detail for individual construction or repair projects. The Game, Fish, and Parks Department considers level two plan files as repair and construction projects with federal aid funding or project agreement. These projects are generally less than \$50,000 with medium design time, and medium risk. The administrative, fiscal and legal values decrease with time. This record series is maintained for an intermediate period of time for reference and documentation purposes. The audit records are maintained by the Game, Fish and Parks Fiscal Office in the "Project Files".

RETENTION: GFP ENGINEER: Retain 4 years in office, then destroy.

(Note: Previous record series number was GFP-5.)

GFP-5. PLAN FILES, LEVEL THREE:

07-060

This series is arranged by project number and contains plan sheets, which contain drawings and notes describing the detail for individual construction or repair projects. The Game, Fish and Parks Department considers level three plan files as major repair, renovations, or construction projects generally over \$50,000 in facility costs. These projects have substantial survey and design time and have substantial project risk. Information may include: floor plans, building elevations, site plans, roof plans, building detail sheets, electrical plans, and plumbing plans. This record series is maintained for long term reference and documentation purposes. The audit records are maintained by the Game, Fish and Parks Fiscal Office in the "Project Files".

RETENTION: Retain 4 years in office, then microfilm and maintain film for the life of establishment.

(Note: Previous record series number was GFP-6.)

GFP-6. PLANS/MAPS, FACILITIES:

07-060

This series contains the standard master plans or maps of facilities such as: picnic shelters, bath houses, boat ramp planks, and toilet facilities. These facility maps are sent to cities, organizations, and agencies upon request. The facility plans are compiled by department personnel and are maintained for reference.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(NOTE: Cull files at least once each year to avoid a build-up of superseded or obsolete material.)

GFP-11. ACCIDENT REPORT FILES:

07-060

This series contains copies of information regarding accidents, incidents, or unsafe conditions (non-automobile) that have been reported by employees and others. Information in the reports includes: employee completing the report, date, time and place of occurrence, persons involved in the accident or incident, injury sustained, property damage, description of accident or incident, witnesses and signature of the employee/supervisor.

RETENTION: Retain in office 2 years, then destroy. Original forms are filed with the Office of Risk Management.

(Note: Previous record series number was GFP-13.)

GFP-12. ADMINISTRATIVE REFERENCE FILE:

07-060

This series may be arranged by subject matter and contains information used in the daily administration of the program or office. Information may include, but is not limited to: budget, equipment, inventory, legislation, organization/association, and property management information; monthly reports; research materials; policies and procedures; reference manuals; logs; rules and regulations; mailing lists; correspondence; and any other related information. This record series is maintained for reference purposes.

RETENTION: BANK RECORDS, DEPARTMENTAL: Retain 1 year in office, then transfer to storage for 3 years. Destroy after 4 years provided all litigation, claims, and audit finding involving the records have been resolved and final action has been taken.

GFP-13. BAD CHECK FILES:

07-060

This series consists of checks written to the department with insufficient or no-account funds by individuals using the park system. The information is maintained by the division to attempt collection on the checks. Information may include: returned checks, a record of collection actions taken by the division, and related correspondence. This record series is maintained to document attempts to collect funds.

RETENTION: UNCOLLECTED: Retain in office until collected.

SUCCESSFULLY COLLECTED: Retain 1 year in office, then transfer to storage for 3 years. Destroy after 4 year provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-14. BILLING FILES, AIRCRAFT:

07-060

This series is used to bill other state agencies for flight services provided by the department. Information may include: aircraft make and model, registration number, pilot's signature, oil change due dates, flight origination and destination, take-off and arrival times, total hours, number of landings, approach, statute miles, department, passenger names and agencies, flight billing authorization signatures, signature titles, and special instructions. This record series is maintained for billing and reference purposes. The audit copies are maintained by department fiscal office.

RETENTION: FISCAL OFFICE: Retain 1 year in office, then transfer to storage for 3 years. Destroy after 4 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

ALL OTHERS: Retain 1 year in office, then destroy.

(Note: Previous record series number was GFP-17.)

GFP-15. CASH RECEIPTS:

07-060

This series contains copies of receipts used to document funds received by the department for goods and/or services rendered. Receipts are used when depositing funds with the State treasurer. Information includes: payer, date, reason, receipt number, and signature. The files are maintained for audit purposes.

RETENTION: Retain 1 year in office, then transfer to storage for 3 years. Destroy after 4 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-16. CONTRACT FILES:

07-060

This series contains contracts and agreements between the department and other parties. Information may include: terms and conditions of agreement, effective dates, cost, and funding sources. This record series is kept for reference concerning terms of the contracts.

RETENTION: Retain originals current in office. Destroy 6 years after terminated provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

Retain reference copies current in office. Destroy terminated.

(NOTE: SDCL 1-24A-1 Consulting contracts filed with State Auditor.)

(Note: Previous record series number was GFP-21.)

GFP-17. INDIRECT COST PLAN NEGOTIATIONS FILES:

07-060

This series is generated by the division to determine the percentage figures of federal grants covering department overhead and expenses. The plans are sent to the United States Department of Interior regional office in Denver, Colorado, for review and approval. Information may include: indirect costs plans, agreement correspondence, and related supportive data. The files document rates applied to federal grants and support department documents such as ledgers and worksheets used in compiling the indirect cost plans.

RETENTION: Retain 3 years in office, then transfer to storage for 1 year. Destroy after 4 years, provided all litigation, claims, or audit findings involving the records have been resolved and final action has been taken.

GFP-20. PROJECT FILES:

07-060

This series is arranged numerically and documents the management and fiscal analysis of the fiscal office of on-going programs in progress in each division. Information may include: financial and federal aid project information, state park revenues, fleet analysis, economy efficiency effectiveness studies, cash flow analysis, and fund analysis. This record series is used for financial management of division projects and for reference purposes.

RETENTION: Retain current in office. Transfer closed to storage for 4 years. Destroy 4 years after project is closed provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

(Note: Previous record series number was GFP-28.)

GFP-21. VOUCHERS:

08-011

This series may contains: copies of direct vouchers, receiving vouchers, non-cash vouchers and journal vouchers, along with copies of any supporting invoices or receipts. Vouchers are used to enter transactions on the central accounting system.

RETENTION: Retain in office 1 year after the close of the fiscal year in which the voucher was issued, then transfer to storage for 3 years. Destroy after 4 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-22. AGENT FILES:

07-060

This series is arranged alphabetically by agents name and contains accounting forms for each agent's account. Information may include: agents' name, account number, licenses issued, licenses sold, serial numbers, licenses returned, agent correspondence, and dated statement showing payments made. This record series is used to account for all licenses and monies collected and is maintained for financial accounting purposes.

RETENTION: Retain 4 years in office, then destroy provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

(Note: Previous record series number was GFP-52.)

GFP-23. BIG GAME LICENSE APPLICATION CARDS:

07-060

This series contains original paper applications for all big game hunting license applications submitted for limited issue drawings by this program. Information may include: name, address, signatures, date, license number, and season unit-type information. This record series is used to document license applications, to prevent issuing licenses to unqualified hunters, and as evidence in court cases involving fraudulent license applications.

RETENTION: Retain current in office. Transfer expired to storage for 3 years. Destroy 3 years after expired.

GFP-24. CAPTIVE GAME BIRD PERMIT APPLICATIONS:

07-060

This series contains the applications and subsequent permits issued for game bird domestication. The permits allow individuals to domesticate various game birds for profit or commercial use. The permits are renewed annually and contain: name, address, signatures, date, location of facilities, species, total fees submitted, and previous domestication permits issued (if any). This record series is used to issue domestication permits and to monitor game bird domestication operations in the State.

RETENTION: Retain 1 year in office, then transfer to storage for 3 years. Destroy after 4 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

(Note: Previous record series number was GFP-54.)

GFP-25. SPORTSMAN LICENSES:

07-060

This series contains copies of the South Dakota sportsman license, a comprehensive hunting and fishing license issued by the program. The license copies are maintained for audit purposes and for the courtesy service of replacing lost licenses. License information includes: name, address, date, signature and license number. The files are also used for reference.

RETENTION: Retain 1 year in office, then transfer to storage for 3 years. Destroy after 4 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-26. ADMINISTRATIVE REFERENCE FILES:

07-060

This series is maintained as a working reference file. Information may include, but is not limited to: special analysis files on selected issues, surplus property sale preparation material, operations manuals, various handbooks, miscellaneous specification catalogs, directories, procedural directives from the state purchasing and printing office, a listing of department personnel authorized to sign for federal state surplus property, and various other information.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(NOTE: Cull files at least once each year to avoid a build-up of superseded or obsolete materials.)

(Note: Previous record series number was GFP-67.)

GFP-27. EQUIPMENT TITLES:

07-060

This series constitutes an inventory of all department equipment, except vehicles. The files contain the legal title to each piece of equipment and include such information as: license number, serial number, vehicle make and model, owner name and address, date, city, and county. This record series is used to document the department's ownership of the equipment.

RETENTION: Retain current vehicle titles in office. Transfer with vehicle when sold or transferred.

GFP-30. TRAVEL REQUESTS:

07-060

This series is arranged chronologically as requests are received from the various employees in the department. They contain copies of both in-state and out-of-state travel requests by department employees. Information includes: origin, destination, leave date, return date, leave time, return time, agency code, mode of travel, estimated miles, number of rider(s), driver's name, phone number, rider(s) name(s), purpose of travel, departure trip number, return trip number, license number, date of entry, and travel coordinator's name. For out-of-state requests data such as: estimated transportation costs, estimated meal cost, estimated lodging costs, any fee schedules, and miscellaneous fees are also provided. All employees who travel on state business prepare and submit these forms for approval prior to their departure. The forms are used for travel coordination purposes and for paying of travel expenses upon return.

RETENTION: Retain 6 months in office, then transfer to storage for 3 ½ years. Destroy after 4 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-31. ADMINISTRATIVE REFERENCE FILES:

07-060

This series is maintained as a working reference file. Information may include, but is not limited to: department/division strategy plans, library books, operational manuals, handbooks, South Dakota Codified Laws, Administrative Rules of South Dakota, fiscal reports, current organizational and staffing reports, correspondence, directives, policy and procedural documents from other agencies, copies of personal inventory listings, and topics of current concern to the office of the secretary. This record series is retained for reference.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: The Department Secretary's Correspondence is subject to archival screening prior to disposal.)

(Note: Cull series at least once each year to avoid build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-79.)

GFP-32. AGENDAS, COMMISSION MEETINGS:

07-060

This file contains a monthly agenda and supporting information from the South Dakota Game, Fish and Parks Commission meetings. The file is used by the secretary to present items to the commissioners and as a reference to past meeting agendas.

RETENTION: Retain 2 years in office, then destroy.

(Note: Previous record series number was GFP-80.)

GFP-36. AGENCY FILES, STATE AND FEDERAL:

07-060

This series is arranged by subject matter and contains information concerning various state and federal agencies the program deals with. Agencies may include: Game, Fish and Parks Department; Governor, Administrative Rules; Department of Education; the U.S. Department of Environmental Protection; and U.S. Forest Service, Bureau of Reclamation, Bureau of Indian Affairs, and Army Corps of Engineers. Information may include: policies and procedures, rule changes, and related correspondence. This record series is used for reference concerning the current rules, regulations, and policies relating to each of the agencies.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Cull series at least once each year to avoid build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-109.)

GFP-37. CAMPGROUND PERMIT REFERENCE FILES:

07-060

This series documents public opinions on fee changes for state parks, state recreation areas, and state nature areas. Information may include: initial studies, public opinion on camping fees, and related correspondence. This record series is used to compare South Dakota's fees with fees charged by other States in order to remain competitive.

GFP-60. AGENDA, COUNCILS AND MEETINGS:

07-060

This bound series contains agendas from the Advisory Council on Outdoor Recreation and Natural Heritage Conservation meetings. The books date from 1966 and are used to document the funds approved or denied by the council for various projects. Information may include: names of communities applying for funds, priority rating, estimated program costs, project description, and decision. Grants usually carry a two-year deadline, but may be extended. The maximum grant deadline is five years. This record series is used for reference concerning actions taken by the Council.

RETENTION: Retain duplicate copies 2 years in office, then destroy.

Retain originals 10 years in office, then destroy.

(NOTE: Consider microfilming when volume warrants.)

(Note: Previous record series number was GFP-135.)

GFP-61. ANNUAL REPORTS:

07-060

This series is compiled by program employees as required by the federal government. Information may include: funds received, projects, future planning program, funds expended, and a review of the state program. The reports constitute the basis for submission of appropriation requests to the United States Congress by the Land and Water Conservation Fund (L.W.C.F.).

RETENTION: Retain 1 year in office, then destroy.

(Note: Previous record series number was GFP-136.)

GFP-62. ATTORNEY GENERAL OPINIONS:

07-060

This file contains the official opinions handed down by the State Attorney General's Office concerning questions pertinent to the department or program. The information is used for occasional reference, and as support for administrative decisions made or actions taken.

RETENTION: Retain 1 year in office, then destroy.

(NOTE: All Attorney General Opinions are published biennially in the Attorney General Report.)

(Note: Previous record series number was GFP-137.)

GFP-63. AUDIT REPORTS:

07-060

This series contains Department of Legislative Audit and federal audit reports concerning the expenditure and administration of State funds. The reports are reviewed to identify problem areas and discrepancies so that corrective measures can be implemented. The auditing agency also maintains a copy of the audit report.

RETENTION: Retain 4 years in office, then destroy provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

(NOTE: Legislative Audit maintains original audit reports.)

(Note: Previous record series number was GFP-138.)

GFP-64. COMMUNITY OUTDOOR RECREATION ASSESSMENTS:

07-060

This series contains the "Community Outdoor Recreation Assessments" as compiled by the program and are used to document the primary recreation needs of a community. The Assessments are used to justify and obtain funds from the Land and Water Conservation Fund (L.W.C.F.). Information may include: local demand, standards, recommendations, methodology, social and economic factors, local factors, municipal facilities inventory and priority lists. The record series is used to prioritize those communities and their needs when issuing grants; and in applying for federal aid to be used in community recreation projects.

RETENTION: Retain 1 year in office, then transfer to storage for 3 years. Destroy after 4 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

(Note: Previous record series number was GFP-140.)

GFP-65. GRANT FISCAL BILLING INFORMATION BINDERS

07-060

This ring binder series documents Land and Water Conservation Fund (L.W.C.F.) grants administered to each community by this program. Information may include: ledgers, fiscal information on each grant, name of community or town, totals, billing information, project authorization date, and detailed grant report. This record series is used to document the funds awarded to each community and is used to monitor projects and the funds received.

RETENTION: Retain full binder 8 years in office after last entry, then destroy.

GFP-66. GRANT PROJECT FILES, STATE:

07-060

This series documents all active state grant projects funded through the Land and Water Conservation Fund (L.W.C.F.). Information may include: requests for payment, correspondence, copies of federal agreements, amendments, fund amounts authorized, local agreement, bills submitted, and status of funds report. This record series is used in billing the federal L.W.C.F. for amounts used and for reference. It also documents the status of funds for active state grant projects.

RETENTION: Retain active in office. Microfilm inactive and maintain film 20 years. Destroy 20 years after inactive.

(Note: Previous record series number was GFP-143.)

GFP-67. GRANT PROJECT FILES, WITHDRAWN:

07-060

This series lists projects funded by the Land and Water Conservation Fund (L.W.C.F.) which have been withdrawn by the community. Information may include: application information, record of funds returned, letter of transmittal, correspondence, copies of federal agreements, funds authorized, and local agreements. This record series is maintained for future reference in the event that a withdrawn project is resubmitted at a later date.

RETENTION: Retain 1 year in office, then microfilm and maintain film for 19 years. Destroy after 20 years.

GFP-71. MINUTES, GOVERNOR’S COUNCIL MEETINGS:

07-060

This series contains minutes from the Governor’s Advisory Council on Outdoor Recreation and Natural Conservation meetings. Information may include: historical documents, dates of meetings, names of those present, meeting minutes, and authorized signatures. This record series is used to document any grants and funds distributed by the advisory council.

RETENTION: Retain 5 years, then microfilm and maintain permanently on microfilm.

(Note: Previous record series number was GFP-148.)

GFP-72. OUTDOOR RECREATION PLANS (SOUTH DAKOTA):

07-060

This bound series is generated by the program and distributed upon request. It constitutes a comprehensive summary of outdoor recreation in South Dakota. Information is compiled to establish eligibility for Land and Water Conservation Fund (L.W.C.F.) grants and to obtain federal funds. Information may include: resources, resident and nonresident demands, needs, and recommendations. This record series is used by program employees for reference and to write new plans.

RETENTION: Retain current in office. Transfer superseded to storage for 4 years. Destroy 4 years after superseded provided all litigation, claims, and audit findings involving the record have been resolved and final action has been taken.

GFP-73. PLANNING REGION FILES:

07-060

This series contains planning region files used by the program in compiling "Community Outdoor Recreation Assessments," and in distribution of grant funds to communities. Information may include: maps and plans, population figures, community recreation plans, summary of community needs, unique features, background, existing facilities, recreation deficiencies, and five-year development plans. This record series is used as a source of reference when communities submit requests for grant and project approval. The program refers to the files to ensure that projects requested by the community are priority items.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Previous record series number was GFP-150.)

GFP-74. PROJECT FILES (L.W.C.F.):

07-060

This series documents federal funds and obligations and what project land areas are eligible for the program. Land involved includes both local and state projects funded through the Land and Water Conservation Fund (L.W.C.F.). Information may include: requests for payment, correspondence, maps, copies of property titles, copies of federal agreements, amendments, local agreements, bills submitted, status of funds report, and funds authorized. This record series is used to administer the various projects funded by the L.W.C.F.

RETENTION: Retain 1 year in office, then transfer to storage for 4 years. Destroy after 4 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-81. CAMPGROUND AND VISITATION STATISTIC RECORDS:

07-060

This database series dates from 1971 and contains campground and visitation statistics submitted to the program by state park managers. The files record park visitation and campground use and are used in park management and planning. Information may include: visitations, district number, total visitations of people, total camping units, amount of camping refunds, name of the units, number turned away, campground occupancy percentage, number of people per unit, times over capacity, campground statistics, park visitation charts, and holiday visitation counts. The statistics are submitted monthly by park managers and are used in compiling campground and visitation summaries. This record series is also encoded into a data processing system and summarized in the "Park Visitation Reports."

RETENTION: Retain in office until encoding has been verified to be accurate and complete, then destroy.

		<u>NUMBER</u>

GFP-92. ADMINISTRATIVE REFERENCE FILES:

07-060

This series is arranged by subject matter and contains information used in the administration of the program. Information may include: horseback riding, wildlife harassment, trails fund, trail development, warming shelters, liabilities, state division of tourism, regulations relating to recreational trails and snowmobiling, Nation Trails Council, abandoned railroads, cross-country skiing, canoeing, trail bikes, South Dakota Snowmobile Association, United States Forest Service, and environmental impact statements. This record series is used for reference concerning public inquiries and administration of the program.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Cull series at least once each year to avoid build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-176.)

GFP-93. LAND LEASE PROGRAM REFERENCE FILES:

07-060

This series contains information regarding the land lease program. Information may include: total list of land leases, copies of instructional manual, and related details and information. The actual land leases are maintained in the "Program Files." This record series is used for convenience of reference concerning the land lease program.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Previous record series number was GFP-179.)

GFP-94. NON-RESIDENT TEMPORARY PERMITS:

07-060

This series documents the application and subsequent issuance of non-resident temporary permits. The permits allow a non-resident to operate a snowmobile in South Dakota. The actual permits are sold by the county treasurer. Information may include: copies of legislation requiring the temporary permits, correspondence with the county treasurers, and copies of receipts. This record series is used to document the receipt of funds collected for issuance of these permits.

RETENTION: Retain 1 year in office, then transfer to storage for 3 years. Destroy after 4 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-96. PROGRAM FILES:

07-060

This series constitutes the program's central file on the snowmobile and recreational trail program in the state. Information may include: original leases and agreements, snowmobile program materials, correspondence, and a list of land lease programs with various snowmobile clubs and landowners. This record series is used for documentation, reference, and in program management and administration.

RETENTION: Retain original leases and agreements current in office. Microfilm terminated and maintain film for 6 years. Destroy 6 years after terminated provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

ALL OTHER INFORMATION: Retain 1 year in office, then transfer to storage for 3 years. Destroy after 4 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

(Note: Previous record series number was GFP-182.)

GFP-97. SAFETY TRAINING FILES:

07-060

This series documents the safety training program administered by the program. Information may include: out-of-state safety program materials, correspondence, program origin information, number of students, and records on various clubs sponsoring a snowmobile safety course. This record series is used to train snowmobile safety instructors.

RETENTION: Retain current in office. Destroy superseded or obsolete.

GFP-100. INTERPRETIVE PLAN REFERENCE FILES:

07-060

This series constitutes a record and evaluation of the program's interpretation projects. Information may include: memorandums, evaluations, recommendations, future direction, goals and objectives, facilities needed, standards, themes, roles and responsibilities of division personnel, and definitions. This record series is used to compile the State Park System Plan Guide, which involves goals to: utilize parks, encourage park use, promote public understanding, increase environmental education, maximize and enrich visitor use, and stimulate visitor interest and support.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Cull series at least once each year to avoid build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-188.)

GFP-101. INVENTORIES, AUDIO-VISUAL EQUIPMENT:

07-060

This series contains a convenience record of department owned audio-visual equipment currently in use at park and recreation areas in the State. Information may include: signatures, description, State user number, serial number, purchase cost, purchase date, and condition. This record series is maintained for property management and accountability purposes.

RETENTION: Retain 1 year in office, then destroy.

GFP-124. ACCOUNTING REPORTS, FEDERAL AID:

07-060

This monthly computer printout series constitutes an itemized report of all expenditures for approved federal aid projects. The printouts are used to claim reimbursements from the United States Fish and Wildlife Service for federally assisted project costs and for audit purposes. The reports provide accountability for project costs and contain year-to-date, current month, individual cost, and new year-to-date figures for: salary and benefits, travel expenses, vehicle and equipment rental, and materials and supplies. The printout is used for reference by program employees.

RETENTION: Retain 1 year in office, then transfer to storage for 4 years. Destroy after 5 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

(NOTE: Consider requesting data on computer output microfiche (COM) and maintaining fiche in office the entire 5 years prior to disposal.)

GFP-125. AGREEMENTS, ENDANGERED SPECIES:

07-060

This series documents the cooperative agreement between the department and the United States Fish and Wildlife Service for management of endangered species. Information may include: copies of agreements, pertinent regulations, scientific literature, agency reports, and related correspondence. The series is used for reference to the agreements and in the administration of the cooperative management of endangered species.

RETENTION: Retain current in office. Transfer terminated to storage for 5 years. Destroy 5 years after termination.

(Note: Previous record series number was GFP-216.)

GFP-126. APPORTIONMENT LEDGER AND REVERSION RECORDS:

07-060

This ledger series monitors federal aid received by the Department for wildlife restoration and sport fish restoration projects. The ledger provides financial status information for the programs and includes: balance, obligations, unused balance, approval, and short-term credits. Information lists and monitors the unused balance of apportionments and documents the current status of unobligated federal funds.

RETENTION: Retain 2 years in office, then transfer to storage for 3 years. Destroy after 5 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

This series documents federal apportionments awarded to the program, and involves federal projects administered by the program. Information may include: notification of apportionments and apportionment shares. The files are used by the division in federal aid planning.

RETENTION: Retain 2 years in office, then transfer to storage for 3 years. Destroy after 5 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

(Note: Previous record series number was GFP-218.)

GFP-128. AUDIT REPORTS:

07-060

This series contains Department of Legislative Audit reports and federal audit reports concerning the expenditure and administration of federal aid funds received for wildlife restoration and sport fish restoration programs. The reports are reviewed to identify problem areas and discrepancies so that corrective measures can be implemented. The auditing agency also maintains copies of the audit reports.

RETENTION: Retain 3 years in office, then destroy, provided all litigation claims, and audit findings involving the records have been resolved and final action has been taken.

(Note: Previous record series number was GFP-219.)

GFP-129. CERTIFICATION OF PAID LICENSE HOLDERS:

07-060

This series documents the number of paid fish and game license holders in South Dakota. Information is used to determine the formula for federal aid amounts received and contains: working papers, correspondence, and methodology used in counting paid license holders. The number of paid license holders in the state determines the amount of federal aid the department receives. The information provides certification to the United States Department of Interior in order to receive funds.

RETENTION: Retain 2 years in office, then transfer to storage for 3 years. Destroy after 5 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-130. EQUIPMENT USE AND RENTAL REPORTS:

07-060

This computer printout series lists maintenance and operation costs for all of the division's vehicles and equipment. The data is used to calculate annual rental rates to be applied when the vehicles and equipment are used on an approved federal aid project. The records are also used in evaluating the performance of vehicles and equipment and to determine the overall condition of the fleet. Information on the monthly report includes: license number, life-to-date miles/hours, quarts of oil used, maintenance cost, gas used, gas cost, district, monthly maintenance report, and equipment analysis report. The division charges various federal agencies on a monthly basis for vehicle and equipment expenses incurred in federal aid projects.

RETENTION: Retain 1 year in office, then transfer to storage for 4 years. Destroy after 5 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

(NOTE: Consider receiving data on computer output microfiche (COM) instead of paper.)

GFP-131. INDIRECT COST PROPOSALS:

07-060

This series documents percentage figures or rates of federal grants covering department overhead and expenses. The proposals list the rates applied to federal grants and, in case of a federal audit, supports department documents such as ledgers and worksheets used in compiling the indirect cost plans. Information may include: indirect cost plans, agreement correspondence, related information, and copies of the indirect cost proposals. The originals are maintained by the department fiscal office. These copies are used for reference.

RETENTION: Retain 1 year in office, then destroy.

GFP-132. LAND ACQUISITION FILES, FEDERAL ASSISTANCE:

07-060

This ring binder series lists land acquired by the department with federal funds. It is a requirement of the United States Fish and Wildlife Service and serves as an index to lands purchased with federal aid. The files are used for reference and documentation and contain: county, name of area, project number, land description, location, section, township, land seller, purchase price, and easements.

RETENTION: Retain permanently in office on microfilm.

(Note: Previous record series number was GFP-228.)

GFP-133. LETTER OF CREDIT DOCUMENTS:

07-060

This series contains notification of fund amounts authorized in the letter of credit account of the United States Treasury for each year. The letter of credit documents the funds remaining in the account for use by the division. The notification is published yearly and contains: letter of credit and related correspondence. This record series is used for reference and in financial planning of projects.

RETENTION: Retain 2 years in office, then transfer to storage for 3 years. Destroy after 5 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-134. NOTIFICATION OF UNUSED FEDERAL FUNDS:

07-060

This series lists unused or excess federal funds remaining from federal aid projects. Information may include: project number, amount of unused funds, and applicable program. This record series documents the unobligated funds, which are transferred into an apportionment fund account.

RETENTION: Retain 2 years in office, then transfer to storage for 3 years. Destroy after 5 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

(Note: Previous record series number was GFP-230.)

GFP-135. PROJECTS FILES, DEVELOPMENT:

07-060

This series is arranged by project number and contains development project files. Information may include: application for federal assistance, project descriptions, requests for project approvals, pertinent documents, project contracts, performance reports, miscellaneous information, and related correspondence. This record series is maintained to monitor project development and for audit purposes.

RETENTION: Retain 2 years in office, then microfilm and maintain film for 18 years. Destroy film after 20 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-136. PROJECTS FILES, NON-DEVELOPMENT:

07-060

This series is arranged by project number and contains non-development project files. Information may include: application for federal assistance, project descriptions, requests for project approvals, pertinent documents, project contracts, performance reports, miscellaneous information, and related correspondence. This record series is used for research, surveys, and education.

RETENTION: Retain 2 years in office, then transfer to storage for 5 years. Destroy after 7 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

(Note: Previous record series number was GFP-232.)

GFP-137. REQUEST FOR PAYMENT-LETTERS OF CREDIT:

07-060

This series documents division requests to the Federal Dispersment Center in Denver, Colorado for project funds. The funds requested are reimbursements for projects receiving federal aid. The files are used to make corrections on the "Federal Aid Accounting System" if necessary, for reference to amounts requested, and for audit purposes.

RETENTION: Retain 2 years in office, then transfer to storage for 3 years. Destroy after 5 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-138. VEHICLE/EQUIPMENT USE REPORTS:

07-060

This series is used when compiling the "Equipment Use and Rental Report" as source documents for the "Federal Aid Accounting System." Reports are generated monthly by vehicle/equipment operators throughout the division and include: inventory number, equipment, gas used and cost, odometer readings, vehicle model and name, maintenance report, and project code (if applicable). This series constitutes the official vehicle/equipment use report required by State law and is essential in calculating vehicle/equipment rental rates required by federal regulations.

RETENTION: Retain 2 years in office, then transfer to storage for 3 years. Destroy after 5 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-139. VEHICLE LISTS:

07-060

This computer printout report lists all vehicles entered in the "Federal Aid Accounting System." The list documents division vehicles presently entered on the "Federal Aid Accounting System" and is used as a cross-reference or index to the vehicles. It may also be used as a proof document since the "Federal Aid Accounting System" can only accept vehicles registered or listed with the division. Information on the printout includes: rental rate, license number, description, division, region district, and inventory.

RETENTION: Retain 1 year in office, then destroy.

GFP-140. ACTIVITY REPORTS, MONTHLY:

07-060

This series contains copies of activity reports sent monthly to the state office. They are used to summarize the activities and goals of the region. The reports are arranged chronologically by month, and include: date, region, and a list of accomplishments during the month. The state office compiles the reports from the various regions into a state-wide report.

RETENTION: Retain 1 year in office, then destroy.

(Note: Previous record series number was GFP-238.)

GFP-141. ADMINISTRATIVE REFERENCE FILE:

07-060

This file is maintained for convenience of reference by regional office personnel. It is arranged alphabetically by subject matter, and may include: regulations, wildlife studies, population data, maps of the area, plans for various structures in the area, conservation officer arrests, hunter surveys, habitats, refuges and reserves, noxious weed control, rodent and predator control, and federal Fish and Wildlife Service.

RETENTION: Retain current in office. Destroy superseded or obsolete.

GFP-151. LEASE FILES, AGRICULTURAL & GRAZING:

07-060

This series contains copies of leases and agreements between the state office and private individuals for the leasing of grazing of agricultural lands owned by the State. They are used here for reference when determining amount of lease payments to be received or expiration dates. Information in the file may include: inclusive dates of the lease, legal description of land, rental terms, cropping system used, range capacity, terms of the lease, approval and execution, authorized signatures, amount due from lease (if any), and amount paid to date. They are used when determining "Five Year Management Plans." The state office maintains the original leases for audit and documentation purposes.

RETENTION: Retain current in office 5 years, then destroy superseded or obsolete.

(Note: Previous record series number was GFP-252.)

GFP-152. LEGISLATION FILES:

07-060

This series constitutes the regional office's central file of all proposed legislation and legislation from previous years. Items in the file may include: resource material, copies of House and Senate bills, national legislation, preliminary bill drafts, and final drafts of proposed legislation. The information is used for bill drafting and submission during a legislative session.

RETENTION: Retain 2 years in office, then destroy.

GFP-159. WILDLIFE SPECIES INFORMATION FILES:

07-060

This series is arranged alphabetically by species name and contains a file for each species of wildlife within the region. They are used by regional office personnel for histories and current status of various wildlife in the State. Information may include: harvest data, trapping and tagging, habitat, food habits, population studies, and interbreeding results. The information is used by a variety of Wildlife Division personnel when conducting studies or research on the various species. The state office also maintains a species file.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Cull series at least once each year to avoid build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-263.)

GFP-160. WILDLIFE SURVEYS, MINING OPERATIONS:

07-060

This series is arranged alphabetically by company name and contains the original surveys done concerning the effects on wildlife from various mining operations within the region. Surveys are kept to ensure compliance with restrictions placed on the mine operations by the regional office. Information may include: cover letter, contract or agreement, terms of the contract and agreement summaries, survey information, and related correspondence. The state office keeps the original contracts for audit and documentation purposes.

RETENTION: Retain current in office. Destroy superseded or obsolete.

This series may contain both copies of letters and memorandums sent and originals of letters and memorandums received. The file is used for occasional documentation and reference.

RETENTION: Retain 2 years in office, then destroy.

(NOTE: Review for possible inclusion in the "Project Files" prior to disposal.)

(Note: Previous record series number was GFP-89.)

GFP-163. ENVIRONMENTAL IMPACT STATEMENTS:

07-060

This series is maintained to monitor and control the impact of state projects on the environment. Information on the statements may include: description of project benefits and reports of project impact on the environment, including fish, wildlife, timber resources, and parks and recreation areas. The statements are reviewed by the program and new information is compared to previous data in order to monitor and determine the project's impact on the environment.

RETENTION: Retain 2 years in office, then microfilm and maintain film for 8 years. Destroy film after 10 years.

GFP-164. MAP FILES:

07-060

This series consists of various maps from the department, United States Army Corps of Engineers and Bureau of Reclamation, and other governmental agencies. Project maps may include, but are not limited to: irrigation, Oahe, Big Bend, channel modifications, lake restoration, water pollution control, Missouri River, natural resources, and water supply. They are used for reference in projects concerning fish and wildlife impacts.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Previous record series number was GFP-92.)

GFP-165. MINERAL DEVELOPMENT FILES:

07-060

This series is maintained to monitor how mineral development in the State affects wildlife. The Department of Water and Natural Resources licenses development companies and issues permits to allow development in areas of South Dakota. This program reviews the development company's plans of operation to determine effects on wildlife. The program then gives recommendations for approval or conditions of operations in the mineral development project. Information includes: copies of results the Wildlife Division surveys on mineral development sites, development restriction concerning wildlife, literature, related correspondence, and confidential mineral exploration permits, uranium permits, and mining permits.

RETENTION: Retain 2 years in office then transfer to storage for 4 years. Destroy after 6 years.

(Note: Subject to archival screening prior to disposal.)

GFP-166. ORGANIZATION FILES:

07-060

This series is maintained for convenience of reference to various organization and/or groups the agency either belongs to or deals with. Organizations in the file may include, but are not limited to: National Wildlife Federation, National Audubon Society, International Association of Fish and Wildlife Agencies, Ducks Unlimited, Water Congress, the Boundary Waters Commission, etc. This record series is used for reference concerning organization information.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Cull files at least once each year to avoid build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-94.)

GFP-167. PROJECT FILES:

07-060

This series constitutes the program's central series of fish and wildlife related projects in the State and projects in other states which overlap into South Dakota. Information is arranged alphabetically and contains: correspondence, reports, and related project data. Projects may include, but are not limited to: Belle Fourche Irrigation, Big Stone, Mud Creek Watershed, New Underwood Dam, Marne, Webb Pipeline, and Energy Transportation Systems, Inc. (E.T.S.I.). This record series is used for reference concerning project status.

RETENTION: Retain 1 year, then microfilm and maintain film for 19 years in office after completion or abandonment. Destroy film 20 years after completion or abandonment.

GFP-171. “404” PERMIT APPLICATION FILES:

07-060

This series contains original “404” permit applications submitted to the United States Army Corps of Engineers by the department. The information documents applications for the “404” permits which are issued by the Corps to grant permission to conduct a project or activity on Corps land. The files may include: violation, miscellaneous permits, comments, permit information, Corps rules and regulations, general information, permits not answered, lists of individuals requesting “404” permits, and related correspondence. The actual “404” permit application contains information such as: applicant name; name and address of applicant; date; name, address, and title of authorized station; proposed activity and activity purposes; name, address, and telephone numbers of adjoining property owners; location of proposed activities; name of waterway; tax assessor’s description (if known); approval and certification; previous activity denial; remarks or additional information; and authorized signatures. The department maintains these files to document their request for the permit and the Corps response to the request.

RETENTION: Retain active in office. Transfer inactive, denied, or withdrawn to storage for 1 year. Destroy 1 year after inactive, denied, or withdrawn.

GFP-172. “404” PERMITS, AUTHORIZED:

07-060

This series contains standard “404” permits authorized by the United States Army Corps of Engineers. They give the department authority to proceed with an activity, program, or project on land owned by the Corps. The files are arranged alphabetically, and contain: maps, letters of authorization, letters of permission, and related correspondence. The files are used to document the permission granted by the Corps.

RETENTION: Retain active in office. Transfer inactive to storage for 1 year. Destroy 1 year after inactive.

(Note: Previous record series number was GFP-101.)

GFP-173. “404” PERMITS INDEX:

07-060

This ring binder series dates from 1974 and constitutes an index to the “404” permit application files.” This series documents “404” permits issued/denied to the department by the United States Army Corps of Engineers. These lists are generated monthly by the Corps and contain: application number, name of applicant, activity and location, and action. The lists of permits issued/denied are sent to department field personnel and are maintained for reference by Program employees.

RETENTION: Retain 1 year in office, then destroy.

GFP-174. AQUATIC NUISANCE PERMIT FILES:

07-060

This series contains permits issued by the program for aquatic weed control and related correspondence. The aquatic nuisance permits are issued to landowners or other agencies requesting permission to conduct aquatic weed control measures. Information on the permits includes: permit number, name and address of applicant, date, chemical, body of water, date of proposed action, signatures, suggested precautions, and time period in which the permit is valid. They are used to document those individuals who have received permission from the program to use such measures.

RETENTION: Retain 1 year in office after closed, then destroy.

(Note: Previous record series number was GFP-103.)

GFP-175. IRRIGATION PROJECT FILES:

07-060

This series documents various irrigation projects conducted throughout the State. Information may include: re-regulatory reservoirs, Garrison Irrigation Project, Oahe Irrigation Project, fact sheets, United States Department of Interior, Wildlife Plan, and related correspondence. This record series is used to administer the irrigation programs and to monitor their operation.

RETENTION: Retain active in office. Transfer inactive to storage for 1 year. Destroy 1 year after inactive.

07-060

This series lists fish species distributions in South Dakota. The information is used as reference to fish distribution and management in the State and may contain: graphs, copies of articles, fish species in South Dakota, and related reference materials.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Consider compiling this series in final form, and eliminating the file as it now exists.)

(NOTE: Cull series at least once each year to avoid build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-286.)

GFP-197. FISH STOCKING FILES:

07-060

This series is maintained to document the fish stocking program in South Dakota. Information may include: stocking evaluations, stocking recommendations, notes, stocking net covers, articles, Black Hills management policy, coding form, stocking needs, stocking schedules, United States Fish and Wildlife farm ponds, walleye stocking schedule, federal hatcheries warm requests, fish rescue stocking and distribution, and federal fish stocking requests. This record series is used to administer the program.

RETENTION: Retain 2 years in office, then transfer to storage for 3 years. Destroy after 5 years.

(Note: Previous record series number was GFP-287.)

GFP-198. FISH STOCKING REPORTS:

07-060

This ring binder series, which dates from 1919, constitutes the State's fish stocking summary. The binder contains: fish stocking reports, species and size, state, federal, report prepared and submitted by, total, size designations, and type of stocking. The information is used for reference and documentation.

RETENTION: Retain 20 years in office, then destroy.

(Note: Subject to archival screening prior to disposal.)

(NOTE: Microfilm when volume warrants.)

(Note: Previous record series number was GFP-288.)

GFP-199. FISH STOCKING SCHEDULES:

07-060

This series is arranged chronologically and documents fish stocking conducted in the State. Information may include: hatchery; date; name of water and planting area; number, kind, and size scheduled; county code; number; state/federal; number, kind, and size stocked; and remarks or special instruction. This record series is used in monitoring the fish stocking program.

RETENTION: Retain 2 years in office, then destroy.

GFP-200. FISH STOCKING SLIPS:

07-060

This series documents the actual fish stocking conducted by State fisheries. The stocking slips contain: name of water, county, region, date, type of stocking, species, size and number, fish obtained from, temperature in tank, condition of fish, time in transit, comments, name of deliverer. The series is used for reference concerning fish stocking conducted.

RETENTION: Retain 2 years in office, then destroy.

(Note: Previous record series number was GFP-290.)

GFP-201. GAME, FISH, AND PARKS COMMISSION ACTION ITEMS:

07-060

This bound series dates from 1964 and documents South Dakota Game, Fish and Parks Commission actions as they pertain to the Division. The files are used for reference and contain: copies of commission minutes, action items, and rules and regulations approved by the Commission. The originals are maintained in the department's Technical Services and Research Law Office and the department secretary's office.

RETENTION: Retain 2 years in office, then destroy.

GFP-202. GENERAL INFORMATION FILES, FISHERIES:

07-060

This series contains general reference concerning fisheries. Information may include, but is not limited to topics such as: lake aeration, age and growth, fish bait, fish eggs, eradication, farm ponds, diseases, electro-fishing, ice houses, net repair, planning, navigable waters, oil absorbent, stream management and improvement, progressive fish culturist, Black Hills flood, fish cages, fishing guides, fish farming, and fish habitat. This record series is used for general reference when researching such topics.

RETENTION: Retain 2 years in office, then destroy.

(NOTE: Cull files at least once each year to avoid a build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-292.)

GFP-203. HATCHERY FILES:

07-060

This series contains information related to hatchery operation and planning. Information may include: hatchery survey needs, inspection tour notes, ledgers, reports, federal fish, rearing pond information, water analysis, and related correspondence. This record series is used to help better manage the State's fish hatcheries.

RETENTION: Retain 3 years in office, then transfer to storage for 2 years. Destroy after 5 years.

GFP-204. IN-STREAM FLOW FILES:

07-060

This series documents the completed in-stream flow project in South Dakota. The information is used in management and planning of the project and in compiling the "South Dakota Fisheries Report" on the project. The project report was submitted to the United States Department of Interior and contains: State report, analysis report of in-stream flow, memos, maps, final reports, notes, and beneficial uses of in-stream flows. Since the project is completed, this file monitors flows and levels of rivers and streams.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Cull series at least once each year to avoid build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-294.)

GFP-205. INVENTORIES, CAPITAL ASSETS:

07-060

This series may include: a copy of the central annual inventory printouts, file maintenance forms which will reflect changes in the inventory, an inventory procedures manual, and surplus property received and transferred forms. The series is maintained for property management and accountability purposes. The audit copy is maintained in the program of property management.

RETENTION: Retain 1 year in office, then destroy.

(NOTE: Consider receiving "Central Annual Inventory Report" on computer output microfiche (COM) instead of paper.)

GFP-206. LAKE FILES:

07-060

This series constitutes the program's central file on every lake in South Dakota. The files are used in the planning and management of fisheries and lakes and may include: management plan; lake surveys; lake summaries; netting summaries; biological, chemical and physical data such as temperature, chemical and oxygen surveys, water chemistry, and water analysis; orders; water permits; land acquisition forms; fish stocking information; commercial fishing statistics; South Dakota Game, Fish and Parks Commission activity reports; maps; reports; and related correspondence. They are maintained as a central library of South Dakota lake information.

RETENTION: Retain permanently in office on updatable microfilm jackets.

(Note: Previous record series number was GFP-296.)

GFP-207. LAKE INVENTORY FILES:

07-060

This ring binder series constitutes an inventory of all lakes in South Dakota. The information is arranged alphabetically by county and includes: name of water, legal description, depth, size, management class, access area, facilities, and ownership. This record series is used for reference to all lakes in the State.

RETENTION: Retain in office on updatable microfilm jackets for 20 years, then destroy.

GFP-210. MISSOURI RIVER DEVELOPMENT PLANS:

07-060

This series is used to document the initiation of the Missouri River Development Plan and the subsequent management of the plan. Information may include: reservoir information, monthly status reports, spawning materials, sub-impoundment information, artificial reef improvements, and spawning station reports. This record series is used to oversee the administration of the plan.

RETENTION: Retain current in office. Transfer completed projects to storage for 5 years. Destroy 5 years after project completion.

(Note: Previous record series number was GFP-300.)

GFP-211. MISSOURI RIVER WATER LEVEL RECOMMENDATIONS:

07-060

This series, which dates from 1970, contains copies of the minutes from the ad-hoc committee of the American Fisheries Society. This committee prepares Missouri River reservoir water level recommendations. The files are maintained to record the water level recommendations and for reference by program employees. This series also contains memos and information on the Missouri River Water Development Plan.

GFP-232. WEED CONTROL REFERENCE FILES:

07-060

This series is maintained for occasional reference and documentation related to weed control. It may contain such items as: brochures, pamphlets, correspondence, articles, newspaper clippings, State laws, policies, procedures, and coordination information. This record series is also used to administer aquatic weed control in the state.

RETENTION: Retain 2 years in office, then destroy.

(Note: Previous record series number was GFP-324.)

GFP-233. WILDLIFE HABITAT IMPROVEMENT PROGRAM FILES:

07-060

This series documents the Wildlife Habitat Improvement Program, which involves agreements between the division and landowners. The agreements deal in such areas as: allowing land to lie fallow, using land for wildlife shelters, tilling land in a specific manner, and tree planting. The files contain contracts and agreements with the landowners involved with the program. This record series is used to monitor and administer the improvement program.

RETENTION: Retain current in office. Transfer terminated to storage for 6 years. Destroy 6 years after terminated.

GFP-236. CENTRAL FLYWAY COUNCIL FILES:

07-060

The Central Flyway Council is a ten-state coalition which monitors the status of migratory birds. These files are used to coordinate efforts of South Dakota and other states involved with the central flyway, to note the effects of past and present central flyway regulations, and for trend analysis. The Central Flyway Council includes a technical committee, which makes recommendations on management, including hunting regulations, to the U.S. Fish and Wildlife Service. A program employee is a member of this technical committee. The files are used to coordinate surveys in order to monitor species population, to determine hunting regulations, and to conduct research projects. The program submits recommendations to the coalition for approval by the United States Fish and Wildlife Service. This information is also maintained by appropriate field personnel.

RETENTION: Retain 2 years in office, then transfer to storage for 4 years. Destroy after 6 years.

GFP-237. DISEASE AND POISON REFERENCE FILES:

07-060

This series is maintained for occasional reference and documentation. The files contain: disease and poison information concerning game and appropriate treatments, recent and current pesticide poisoning of game birds, test results, effects of pesticides on wildlife, descriptions of instances, findings of fact, and problems with pesticides. The files document State occurrences of wildlife poisoning and diseases.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Previous record series number was GFP-329.)

GFP-238. DOVE SURVEYS:

07-060

This series contains dove surveys completed for the United States Fish and Wildlife Service. The surveys tabulate the number of doves seen, number of doves heard calling, and the total number of calls/coos. The information is used as an index to spring breeding populations of mourning doves and includes maps of sighting routes used in counting the doves.

RETENTION: Retain maps current in office. Destroy superseded or obsolete.

GFP-239. ENDANGERED SPECIES FILES:

07-060

This series documents species currently classified as endangered by the State, and species in South Dakota classified as endangered by the United States government. Information may include: literature, copies of results of recent and current State programs, and survey results. This record series is used to monitor endangered species throughout the State.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Previous record series number was GFP-332.)

GFP-240. FEDERAL AID FILES:

07-060

This series is used as a guide by the program in conducting bird and animal surveys in order to qualify for federal aid, for reference, and in compiling the annual report. Information may include: recent and current research and management studies approved for federal aid, cost reimbursement, proposed studies, and current activity reports. The files also include federal aid reports used in grant application, which list available federal funds for specific projects. This record series is used to monitor current projects and to develop new projects.

GFP-241. FUR DEALER RECORDS:

07-060

This series constitutes a record of licensed private fur dealers in South Dakota. The files also document state-wide fur harvests and the economic value and are used to monitor licensed fur dealers. The files include original records of fur transactions submitted by fur dealers and original fur harvest summaries. This record series is used for reporting purposes.

RETENTION: Retain 2 years in office, then destroy.

(Note: Previous record series number was GFP-334.)

GFP-242. FUR DEALER REPORTS:

07-060

This series contains fur dealer reports compiled from individual confidential fur reports as submitted to the program by fur dealers in the State. Information may include: species name, number, average price, total value, and total. These annual fur dealer reports are incorporated into annual game management reports on fur bearers and are used to monitor fur harvests and fur business in South Dakota.

RETENTION: Retain 2 years in office, then destroy.

GFP-243. GAME MANAGEMENT REPORTS:

07-060

These game management report booklets are compiled by division field personnel and are reviewed by the program before publication. The files contain annual South Dakota and Pittman-Robertson project progress and completion reports on topics including, but not limited to: antelope, deer, pheasant, grouse, partridge, mountain goat, elk, raptors, ducks, wetlands, Canada geese, and quail. Each report contains: abstract, appendix tables, study objectives, game inventories, analysis of report, maps, spotlight surveys, and related data. The information is used to summarize yearly game management practices in the State.

RETENTION: Retain 3 years in office, then destroy.

(Note: Previous record series number was GFP-336.)

GFP-244. GAME POPULATION INFORMATION FILES:

07-060

This series is arranged alphabetically by species and contains game survey field forms and survey results prepared by division conservation field officers and submitted to the program. Information may include: name of species, sign of animals, counts of sightings, number of call/coos heard, and any evidence of animals and their numbers. This population date is used as reference when compiling the annual report.

RETENTION: Retain 3 years in office, then destroy.

GFP-245. HUNTING SEASON REFERENCE FILES:

07-060

This series is maintained to review new hunting license forms, in planning hunting seasons, to monitor season changes, and for reference. Information may include: copies of past and current big game license application forms; South Dakota Game, Fish and Parks Commission actions; staff recommendations on hunting seasons; original fiscal impact statements; hunting literature and literature sources; and original harvest summaries. The fiscal impact statements are required by law and are used to note the effect that a new hunting regulation has on department income by recording the net increase or decrease in revenue.

RETENTION: Retain 3 years in office, then destroy.

(Note: Previous record series number was GFP-338.)

GFP-246. LEAD POISONING/STEEL SHOT REFERENCE FILES:

07-060

This series is maintained for occasional reference and documentation. The information is used in: developing future lead poisoning/steel shot program, determining the effectiveness of steel shot, monitoring lead poisoning of game, and answering public inquiries.

RETENTION: Retain current in office. Destroy superseded or obsolete.

07-060

This ring binder series contains copies of the central flyway meeting minutes. The file dates from 1961, and includes: date, meeting minutes, presentations, and a list of those present at the meeting. The minutes are used for reference purposes.

RETENTION: Retain 2 years in office, then destroy.

(Note: Previous record series number was GFP-340.)

GFP-248. MISSOURI RIVER AERIAL WATERFOWL SURVEYS:

07-060

These surveys document the migration of ducks, geese, and other migratory waterfowl. The surveys locate bird populations and record the number of birds sighted, species of birds spotted, and location sighted. Past surveys are used for reference concerning migrating trends and in developing a migratory summary. These surveys are conducted weekly for a period of time each autumn by the division.

RETENTION: Retain in office on microfilm for 30 years, then destroy.

GFP-251. REFUGE FILES:

07-060

This series documents wildlife refuges in South Dakota. Information may include: legal descriptions, maps, land owner consent forms, public comments, original petitions by the public to establish a refuge, and Game, Fish, and Parks Commission actions. This record series is used to monitor refuges in the State, determine if refuges are serving their intended purpose, and review the refuge program periodically.

RETENTION: Retain for the life of the refuge, then destroy.

(NOTE: Cull files at least once each year to avoid a build-up of superseded or obsolete material. Consider maintaining on updatable microfilm jackets instead of paper.)

(Note: Previous record series number was GFP-344.)

GFP-252. WILDLIFE HABITAT REFERENCE FILES:

07-060

This series is used for convenience of reference and documentation. Information may include: wetland drainage, wetlands habitat inventory, irrigation projects, stream channelization, land management methods, rights-of-way, programs on public and private lands, habitat evaluation, and wild habitat needs. This record series is maintained as a resource when conducting studies and drafting reports.

RETENTION: Retain current in office. Destroy superseded or obsolete.

GFP-260. CONTRACT FILES:

07-060

This series contains both copies and originals of contracts and agreements between the program and other parties. Information includes: terms and conditions of the agreements, effective dates, costs, and funding sources. They are kept for reference purposes concerning the terms and conditions of the contracts and agreements.

RETENTION: Retain originals current in office. Destroy 6 years after terminated provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

Retain reference copies current in office. Destroy terminated.

(NOTE: SDCL 1-24A-1 Consulting contracts filed with State Auditor.)

(Note: Previous record series number was GFP-355.)

GFP-261. DEEDS:

07-060

This series is arranged alphabetically by county and documents department purchase and ownership of land. Information may include: vendor, quitclaim deed, amount paid, date, partial release, deed, agreement for the purchase of lands, acknowledgement of individual, and related correspondence. The files are used to document ownership of land by the department.

GFP-262. EASEMENT REQUIREMENT FILES:

07-060

This series contains requirements for easements dealing with department land use. Information may include: resolutions, proposals, agreements, related correspondence, and the actual easements between the department and other parties. This record series is used to insure that the terms of easements granted for department-owned lands are honored.

RETENTION: Microfilm and scan to CD. Maintain film and CD's permanently.

(Note: Copies are also recorded at the County Court House.)

(Note: Previous record series number was GFP-358.)

GFP-263. FEDERAL AID REPORTS (ANNUAL):

07-060

These reports are compiled by the program and submitted to the United States Fish and Wildlife Service Federal Aid office. The reports are compiled annually and contain management and development reports. Information may include: correspondence, reports, related information, and pertinent statistics. The federal reports are required because of various cost-sharing agreements for programs administered by this office. The information is also used in an annual land management report.

RETENTION: Retain 1 year in office, then transfer to storage for 3 years. Destroy after 4 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-272. LEASES, STATE:

07-060

This series contains copies of leases between the department and other parties. The leases are arranged alphabetically by area and tenant, and have been previously approved by the State Conservation Office. Information may include: county name and area, amount of acres leased, rental terms, cropping systems, terms of leases, range capacity, approval and execution comments, length of leases, and name and address of the tenant. This record series is used to insure that the terms and conditions of the leases are fulfilled by both parties.

RETENTION: Retain current electronic copies in office. Delete terminated or obsolete after 5 years.

(Note: Previous record series number was GFP-368.)

GFP-273. MAP FILES:

07-060

This series includes ring binders and standard files containing maps of: department owned land, land use patterns, South Dakota counties, county highways, crops grown, recreational areas, rivers, lakes, and the United States. The files also contain various atlases used for reference by program employees.

RETENTION: Retain current in office. Destroy superseded or obsolete.

GFP-274. MEANDERING LAKE FILES:

07-060

This series documents meandering lakes which are bodies of water which are too deep to be surveyed. Since the lake was not surveyed, a legal description of the lake does not exist and the lake cannot be privately owned. Titles to these lakes are subsequently held by the State. Information includes: statistics, notes, descriptions of lakes, and related correspondence. They are used to answer disputes surrounding ownership and control of meandering lakes on private land and in determining use of meandered lakes.

RETENTION: Retain electronic copy on CD 3 years in office, then microfilm and maintain film permanent.

(Note: Previous record series number was GFP-370.)

GFP-275. PROJECT/STUDY SUMMARIES, YEAR-TO-DATE:

07-060

This computer printout series is generated by the Wildlife Division, Federal Aid Office. The printout contains a financial summary of projects and studies conducted by the department in a given year. Information may include: project/study, salary and benefits, travel expenses, vehicle/equipment rental, materials and supplies, contract, total expended, amount budgeted, and project name. The printout is used in this office for reference by program employees.

RETENTION: Retain 1 year in office, then destroy

(NOTE: Consider receiving data on computer output microfiche (COM) instead of paper.)

GFP-276. TAX FILES:

07-060

This series documents tax assessments on department lands. The files are a record of the tax amounts due to the counties. Information may include: land description, section number, township name, legal description, range, acreage, assessed valuation, total tax, and invoice number. This record series is used to determine tax liability due each county.

RETENTION: Microfilm and scan to CD. Maintain film and CD's permanently.

(Note: Previous record series number was GFP-372.)

GFP-277. TAX RECEIPT FILES:

07-060

This series documents county taxes paid to the various counties where land is owned by the department. Information may include: notes, tax receipts, and assessments from the Director of Equalization. This record series is used to document that taxes have been paid.

RETENTION: Retain electronic copies 4 years in office, then destroy.

GFP-278. TECHNICAL RECONNAISSANCE REPORTS:

07-060

This series contain Technical Reconnaissance Reports (TRRs) compiled by State Conservation Officers. The TRRs are conducted on land areas that the department may want to acquire or use. The reports include: name of area, legal description, classification, narrative, ownership and owner's name, acres, general location, field representative, plats, notes, and outline drawings. These comprehensive land reports are used for reference by the department in land acquisition and land use programs.

RETENTION: Retain 5 years in office, then destroy.

(Note: Previous record series number was GFP-374.)

GFP-279. TENANT PAYMENT LEDGERS:

07-060

This ring binder series documents receipt of payment of rent by tenants on department-owned land. Information may include: tenant name and address, date, item, debit, credit, balance, and area. The series documents payment received from land tenants and is maintained for audit purposes.

RETENTION: Retain 5 years in office then destroy.

GFP-281. ACCIDENT FILES, BOATING:

07-060

This series contains original boating accident reports. The files document boating accidents occurring in the state where over \$1000 damage and/or a fatality was reported. The files are used to compile yearly accident reports and include: United States Coast Guard report, address and name of boat operator, address and name of boat owner, date of accident, accident data, accident description, signatures, newspaper clippings, state accident report, county sheriff's report, and autopsy report (if applicable). Boating accident reports are issued to attorneys, insurance companies, and the Coast Guard upon request. The department also uses these files to review rules and regulations concerning boating safety.

RETENTION: Retain 2 years in office, then transfer to storage for 3 years. Destroy after 5 years providing no litigation is pending.

(Note: Previous record series number was GFP-379.)

GFP-282. ACCIDENT REPORTS, HUNTING:

07-060

This series dates from 1953 and contains reports of hunting accidents occurring in the State. Information may include: accident summaries, hunter casualty report forms, name and addresses of victims and person firing the guns, type of casualty, facts, signatures, county, state, and date of casualty. A compilation of the accident reports are submitted to the North American Association of Hunter Safety Coordinators. This record series is used to answer inquires and to provide statistics and information upon request.

RETENTION: Retain 2 years in office, then transfer to storage for 3 years. Destroy after 5 years.

GFP-284. ADMINISTRATIVE RULES, PROMULGATION FILES:

07-060

This series may contain the notice of public hearings, affidavits of notice of publication, written comments from the public, supportive information, staff comments, recommendations, and transcripts of the Game, Fish and Parks Commission meetings. These administrative rules are generated by the department and adopted by the Game, Fish and Parks Commission. The files are used to document the promulgation of South Dakota Administrative Rules as they apply to the department. Information is used for reference, and serves to document the proper promulgation of administrative rules pursuant to SDCL 1-26.

RETENTION: Retain permanently in office on microfilm.

(NOTE: SDCL 1-26-7 states in part, that “Each agency shall keep the original records, documents, and instruments required by this chapter.” There is no time frame included for these records. Since SDCL 1-26-6.8 provides that “No rule is enforceable in the Courts unless properly adopted,” the records must be maintained at least until a curative statute has been adopted by the Legislature similar to SDCL 1-26A-2, which cures all defects in the adoption of rules filed with the Secretary of State before January 12, 1981.)

GFP-285. ARREST DISPOSITION:

07-060

This ring binder series documents all arrests made by State Conservation Officers. Information may include: date, violator's name, violation, arresting officer's name, amount fined, and remarks. The reports are compiled by the division, and sent to conservation officers and department field officers quarterly for reference and as an aid in law enforcement.

RETENTION: Retain full binder 2 years in office, then destroy.

(Note: Previous record series number was GFP-382.)

GFP-286. ATTORNEY GENERAL FILES:

07-060

This series documents legal cases relating to the department and division and subsequent dealings with the South Dakota Attorney General's Office. Legal case files may include personnel and land suits and park user license fees. Information may include: admission of services, correspondence, affidavits, case reports, legal answers, and filings with the clerk of courts. This record series is used to document the completion of all court cases initiated by the department.

RETENTION: Retain current in office. Microfilm closed or resolved cases and maintain film for 7 years. Destroy 7 years after case is closed or resolved.

GFP-291. DISABLED HUNTER PERMITS:

07-060

These permits are for individuals who are paraplegic or otherwise physically unable to walk or step from a motor vehicle with or without the aid of crutches, braces, or other mechanical support. The disabled hunter permit allows an individual to shoot from a stationary motor vehicle under the limitations provided in this permit. The application lists: the name and address of the permittee, date of birth, and issue date. The permits are issued for a temporary period up to four years period. The nonresident applications and some resident applications may include a written/signed narrative from a licensed physician or chiropractor on their office letterhead, verifying the applicant's examination and the extent of the disability/injuries.

RETENTION: Retain current in office, then destroy.

(Note: Previous record series number was GFP-389.)

GFP-292. DISPOSITION FILES:

16-010

This series contains original arrest tickets or warnings issued by State Conservation Officers and department field officers to individual violators. Information on the ticket includes: name, date of birth, judge's name, type of court, defendant's name, address, offense, date arraigned, plea entered, evidence confiscated, and receipt number of confiscated evidence. The files document receipts for confiscated evidence and are used to document the disposition of confiscated evidence.

RETENTION: Retain 2 years in office, then transfer to storage for 5 years. Destroy after 7 years provided no litigation is pending.

GFP-293. DOMESTICATION LICENSE FILES:

07-060

This series documents the issuance of domestication licenses by the program. Information may include: license applications, copies of past and present licenses, reports of all sales, history of past licenses, and pertinent legislation. Domestication licenses permit an individual to raise or breed protected species in captivity. The licenses are issued annually.

RETENTION: Retain 2 years in office, then destroy.

(Note: Previous record series number was GFP-391.)

GFP-294. FEDERAL AID PERFORMANCE REPORTS:

07-060

This series documents South Dakota's hunting and boating safety programs to the United States government in order to satisfy federal aid requirements involving this program. Information may include: state name, project title, period covered, project objectives, and remarks. The reports are issued annually and are used for reference by the program to insure compliance with the requirements.

RETENTION: Retain 1 year in office, then transfer to storage for 3 years. Destroy after 4 years provided all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

GFP-295. FISCAL IMPACT STATEMENTS:

07-060

This series explains the financial impact of existing or proposed division rules and is submitted to the Bureau of Finance and Management for review. Information may include: state agencies, revenue increases/decreases, explanation of rules, and fiscal impact. The fiscal impact statements constitute a summary of how existing and proposed rules impact the department.

RETENTION: Retain 5 years in office, then destroy.

(Note: Previous record series number was GFP-394.)

GFP-296. HISTORICAL SPECIAL EVENT FILES:

07-060

This series documents the issuance of historical special event permits by this program. Information may include: event permits, correspondence, related information, and descriptions of the events. These permits allow an individual or organization to conduct a special event such as a boat show or regatta in state waterways. The department uses them for reference and to monitor compliance with the terms of the permits issued.

RETENTION: Retain 1 year in office, then destroy.

This series is maintained for convenience of reference to various organizations and/or groups the agency belongs to or deals with. Organizations may include, but are not limited to: National Association of State Boating Law Administrators, North Central States Boating Law Administrators, North Central International Association of Boating Law Administrators, Bow Hunter Education Foundation, National Rifle Association, Midwest Association of Game and Fish Law Enforcement Officers, Federal Law Enforcement Coordinating Committee, South Dakota and Minnesota boundary meetings, and Bureau of Indian Affairs. The file is used for reference concerning actions taken by the various organizations.

RETENTION: Retain current in office, then destroy.

(NOTE: Cull files at least once each year to avoid a build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-408.)

GFP-310. PRIVATE SHOOTING PRESERVE HARVEST AND RELEASE RECORDS

07-060

These record sheets document the release and harvest records for the private shooting preserve permittees in the state (SDCL 41-10-17) (ARSD 41:09:01:05.01). The record sheets document the daily bird releases and harvest records of the permittee. The information on the game release record includes the date of each bird release, number of each species released, and the source of the birds. The game harvest record includes operator's name, date of each hunt, hunter's name, address, hunting license number, and the number of marked and released bird species harvested each hunting day.

RETENTION: Retain 5 years in office, then destroy.

(Note: Previous record series number was GFP-409.)

GFP-311. PROPOSED ADMINISTRATIVE RULES OF SOUTH DAKOTA FILES:

07-060

This series contains rules proposed by the Wildlife Division and submitted to the Legislative Research Council (LRC) for editing and review. After the rules are reviewed by LRC, they are then finalized by the Game, Fish and Parks Commission. The files contain copies of the edited rules and related correspondence with the Commission. The information has little reference value once the rules have been promulgated. The promulgated rules are also maintained by this program.

RETENTION: Retain current in office, then destroy, after promulgation.

(Note: Previous record series number was GFP-410.)

GFP-312. RANGE BUILDING FILES:

07-060

This series contains plans of gun ranges built in the State and proposed range building plans. Information is arranged alphabetically by town and contains: photographs of range facilities, agreements, environmental assessment reports, proposals, copies of contracts, and related correspondence. The files also contain cooperative agreements between the program and gun or sportsmen clubs. The agreements allow the program to use a specific range facility for division hunting safety courses.

RETENTION: Retain contracts and agreements current in office. Transfer terminated to storage for 6 years. Destroy 6 years after terminated.

Retain balance 1 year in office, then destroy.

(Note: Previous record series number was GFP-411.)

GFP-313. SALVAGE-MARKING (BANDING) PERMITS:

07-060

This series documents the permits for salvage-marking and/or banding issued by the division. The files contain the annual permits which include: name, address, permission number, expiration date, authorized signature, issue date, description of permission, and department seal. This allows an individual to salvage dead species or mark and/or salvage-marking and/or band protected species. The permit for salvage-marking and/or banding is granted by this program pursuant to SDCL 41-3-9.

RETENTION: Retain current in office. Destroy superseded or terminated.

(Note: Previous record series number was GFP-412.)

GFP-314. SCIENTIFIC COLLECTOR'S LICENSES:

07-060

This series documents the application and subsequent licensure of scientific collectors in the State. The licenses permit an individual to collect a protected species or other species for scientific purposes. The licenses are issued annually pursuant to SDCL 41-6-32 and contain applications for scientific collector's licenses. Information may include: date of request, fee name of applicant, address, institution or association sponsoring the collection, scientific purpose and justification, species needs, common name, numbers, geographic vicinity of collection, disposition of specimens, list of federal permits currently held, and authorized signatures. The files are used for reference concerning those collectors licensed in the State.

RETENTION: Retain 3 years in office, then destroy.

GFP-315. SPECIAL EVENTS AND FISHING TOURNAMENT PERMITS:

07-060

These application involve events taking place on State lands and public waters (SDCL 42:08:1.1) (ARSD 41:09:15). Any event involving more than 50 participants must obtain a free permit for the event. SDCL 42-8-54 also mandates that regattas, boat races, marine parades, tournaments, and exhibitions require a special events permit to conduct the activity. A fishing tournament (open water or ice) is an organized competitive angling event involving 20 or more boats or, if boats are not involved, 50 or more people, conducted on public waters of this State for the purpose of awarding prizes or for personal gain or promotional consideration. These applications list the name and address of the permittee, type of event, event date(s) and event location.

RETENTION: Retain 3 years in office, then destroy.

(Note: Previous record series number was GFP-414.)

GFP-316. TRAINING FILES:

07-060

This series may contain information on employees who receive training. Information may include: name of employee, subject or agenda of the training, dates of attendance, class letter, description of the curriculum, in-service training for office personnel, talks, speeches, out-of-state training material, and a copy of the letter of attendance. Information is used to document the training each employee in the division has received; for review when authorizing future training of division employees; and in training state conservation officers, maintenance personnel, animal damage control personnel, and department pilots.

RETENTION: Retain 3 years in office, then destroy.

GFP-342. PROJECT FILES, COOPERATIVE:

07-060

This series documents fish and wildlife projects administered and completed in cooperation with various government agencies and universities. The information is used for reference to projects and may contain: budgeting information, study outlines, specific reports, contract copies, and related correspondence. The cooperative project topics may include, but are not limited to: Gregory County pump back storage, Muskie research and university fish research. The files document agreements with the government agencies or universities for contract services to conduct research or other projects.

RETENTION: Retain current projects in office. Transfer completed project files to storage for 4 years. Destroy 4 years after completed provided, all litigation, claims, and audit findings involving the records have been resolved and final action has been taken.

(NOTE: Consider discontinuing the practice of keeping contract copies here as it duplicates what is already being maintained in the Federal Aid Office.)

(Note: Previous record series number was GFP-447.)

GFP-343. PUBLIC REQUEST FILES:

07-060

This series is arranged alphabetically by requestor's name and is used in answering various requests for information. Information may include: wildlife resolutions, information on environmental issues, information on agreements with Native American tribes, and steel shot information. This record series is used to document the answer given to the various requests.

RETENTION: Retain 2 years in office, then destroy.

(Note: Previous record series number was GFP-448.)

GFP-344. RECOMMENDATIONS, COMMISSION MEETINGS:

07-060

This series is used by the Program in developing State hunting season rules and regulations. The proposed rules are then submitted to the South Dakota Game, Fish and Parks Commission for approval. They are used to monitor the current status of regulations and commission action taken and documents the regulations proposed by the division. The information also serves as a working file in developing future rules and regulations.

RETENTION: Retain 2 years in office, then destroy.

(Note: Previous record series number was GFP-449.)

GFP-345. REGIONAL ACTIVITY REPORTS, MONTHLY:

07-060

These monthly reports are generated by the division's regional office personnel and are circulated throughout the division for review. Information may include: monthly activities reports, statistics, and related correspondence. The reports are used to monitor the regional personnel and to keep the division informed of regional office activities.

RETENTION: Retain 1 year in office, then destroy.

GFP-346. REQUISITIONS:

07-060

A requisition is a formal request to order supplies or equipment. A copy is submitted to Procurement Management resulting in a purchase order being prepared and submitted to a vendor. Requisitions list: requesting agency, fund coding, authorized signatures, description of item or service, cost amount, vendor name, quantity, and date of requisition. The audit copy is maintained by the department fiscal office.

RETENTION: Retain 1 year in office, then destroy.

(Note: Previous record series number was GFP-451.)

GFP-347. RESEARCH REFERENCE FILES:

07-060

This series is used by the division's assistant director in administering research projects related to the Technical Services and Research Program and in handling the administrative aspects of research projects. Information in the file includes: quarterly reports, inventory of research equipment, technical services and research memo, and related correspondence. File topics may include, but are not limited to: Dingell-Johnson (D.J.) reports, federal aid memos, future problems, Ordway planning, public relations reports, research articles, R.R.C. technical services and research meetings, and university. The files are used for reference and documentation.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Cull series at least once each year to avoid build-up of superseded or obsolete material.)

GFP-350. TRAVEL REQUESTS:

07-060

This series is arranged chronologically as requests are received from the various employees in the division. It contains a copy of both in-state and out-of-state travel requests by division employees. Information on the forms may include: origin, destination, leave date, return date, leave time, return time, agency code, mode of travel, estimated miles, number of rider(s), driver's name, phone number, rider(s) name(s), purpose of travel, departure trip number, return trip number, license number, date of entry, and travel coordinator's name. For out-of-state requests, data such as: estimated transportation costs, estimated meals, estimated lodging costs, any fee schedules, and miscellaneous fees are also provided. All employees who travel on state business prepare and submit these forms for approval prior to their departure. The forms are used for travel coordination purposes and for paying of travel expenses upon return. The originals are maintained in the department fiscal office.

RETENTION: Retain 6 months in office, then destroy.

(Note: Previous record series number was GFP-456.)

GFP-351. UNIFORM COMMITTEE FILES:

07-060

This series records activities and decisions of the department's uniform committee. The committee reviews uniforms furnished to Game, Fish and Parks employees and sets uniform standards. The file contains: Department employees required to wear uniforms, when uniforms will be worn, and uniform description. The information is used for reference by uniform committee members and division employees.

RETENTION: Retain 1 year in office, then destroy.

GFP-353. ADMINISTRATIVE REFERENCE FILES:

07-060

This series is maintained for convenience of reference. Topics may include, but are not limited to: coding manual, trapping laws and regulations, fur bearers, environmental impact statements, nature magazines, remote sensing, administrative manuals, wildlife damage control, United States Fish and Wildlife Service, prairie dog control, coyote population, fox, bobcat, rodent control, raccoon, skunk, badger, and imports by other state agencies. They are used for information concerning each topic.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Cull series at least once each year to avoid build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-460.)

GFP-354. AERIAL HUNTING PERMITS:

07-060

This series contains aerial hunting permits issued to South Dakota resident pilots by the program. The permits are necessary to conduct aerial hunting in the State and contain: hunting permit applications, aerial hunting complaints filed, and related correspondence. Information on the permit application includes: name and address of applicant, land owner, county in which applying for permit, pilot certificate date, medical certificate, aircraft data, date, and signature of applicant pilot. These aerial hunting permits are used to issue aerial hunting licenses to qualified applicants.

RETENTION: Retain current in office. Destroy superseded or obsolete.

GFP-355. AERIAL HUNTING REPORTS:

07-060

These quarterly reports are compiled by department pilots to record: number of foxes and coyotes taken, number of hours flown, date, county and general locations where animals were taken, name, landowner where animals were taken, name of gunner, pilot permit number, and signature of pilot. The information is used to compile an annual report which is sent to the Federal Regional Office in Denver, Colorado; the United States Fish and Wildlife Agent in Pierre; and the United States Interior Department in Washington, D. C.

RETENTION: Retain quarterly reports 1 year in office, then transfer to storage for 3 years. Destroy after 4 years.

Retain annual reports 4 years in office, then destroy.

(Note: Previous record series number was GFP-462.)

GFP-356. ANIMAL DAMAGE REPORTS:

07-060

These quarterly and annual reports are generated from information in these reports and the "Field Reports." Information may include: dates; statistics; tables; totals of foxes/coyotes taken by animal damage control trappers and private aircraft; total coyotes killed by month; coyotes killed by month in air and ground operations; summaries; cattle, sheep, and recurring complaints; South Dakota livestock and resource losses; and fur receipts returned to the Game and Fish fund. The various reports are also sent to the South Dakota Sheep Growers Association, predator districts, and other private organizations.

RETENTION: Retain quarterly reports 2 years in office, then destroy.

Retain annual reports 4 years in office, then destroy.

GFP-359. FIELD ACTIVITY REPORTS, ANIMAL DAMAGE:

07-060

This series contains activity reports submitted to the Program by field personnel which are used to compile "Animal Damage Reports." The reports are compiled bi-weekly and contain three areas of information; 1.) Bio Data Animal Damage Control (A.D.C.) and Flight Report. Bio Data includes: date, target, non-target, age, location of kill, A.D.C. trapper signature, species, if aerial related, sex of the animal, and how animal was taken. 2.) A.D.C. aspect damage (by coyote, fox, beaver, or other animal); location; estimated cost in dollars; A.D.C. trapper signature, type of compliance; economic loss and remarks and, 3.) flight report includes: daily report of district flown by office pilots, animals killed, species, sex and age of each animal, number of animals observed but not killed, dens found, landowner/operator, A.D.C. trapper signature, number of hours, animals taken by plane, flight time/district, and remarks. The files are also used for reference and reporting purposes.

RETENTION: Retain 3 years in office, then destroy.

(Note: Previous record series number was GFP-468.)

GFP-360. FLIGHT REPORTS:

07-060

This series documents aerial hunting conducted by Animal Damage Control (A.D.C.) pilots and gunners. These monthly reports document how many animals are taken in aerial hunting and monitor aerial hunting. The information is also used to justify the A.D.C. hunt program and for reference. Information may include: number of animals taken, adult or pup, numbers observed, pilot's name, and trapper's name.

RETENTION: Retain 2 years in office, then destroy.

GFP-361. HEARING FILES, ENVIRONMENTAL PROTECTION AGENCY:

07-060

This bound series documents the hearing proceeding surrounding the use of compound 1080, sodium fluoroacetate. The poison was banned by the Environmental Protection Agency (E.P.A.) in 1974, and this file includes proposals to lift the ban of the compound's use. Information may include: conclusions, responses to proposals, evidence, and arguments. This record series is used for reference and to monitor the case proceedings.

RETENTION: Retain current in office. Destroy superseded or obsolete.

(Note: Cull series at least once each year to avoid build-up of superseded or obsolete material.)

(Note: Previous record series number was GFP-470.)

GFP-362. PERFORMANCE APPRAISALS:

07-060

This series contains the standard Bureau of Personnel performance appraisal forms showing a statement of standards and responsibilities for each field employee and the immediate supervisor's evaluation of the employee's performance. Performance appraisals are required by administrative rule and are used for justifying merit increases in salary, for commending deserving employees, and as documentation supporting the dismissal of career service employees for unsatisfactory job performance. The audit copy is maintained in the department's personnel office.

RETENTION: Retain 3 years in office, then destroy by shredding.
