

A simple way to do your part.

The **FREE** OfficeMax® Reuse and Recycling Program* offers you a choice when it comes to recycling your ink and toner cartridges. Every cartridge returned to OfficeMax will either be reused or recycled into other products.

What We Recycle and Why

OfficeMax accepts all brands of ink and toner cartridges as well as small electronics, including cell phones, PDAs and iPods. Participation in the program is **FREE** and offers your organization a simple way to reduce its waste stream. Returned cartridges are either remanufactured into a new ink or toner cartridge or recycled. The process supports reduced material consumption and conserves vital non-renewable natural resources.

► Ways to Recycle

1. Have an OfficeMax driver?

Call **877.969.OMAX** (6629) to arrange for your driver to pick up any boxed recyclables. Or, give your boxed/packaged recyclables to your driver on your next delivery.

2. No Driver? No problem.

Do-it-Yourself. Print **FREE** labels with just a click. Start recycling right away with this simple, self-service option by visiting www.officemaxsolutions.com/inkrecycle

Or, Email omxcollect@corerecycling.com to get **FREE** boxes and shipping labels delivered to you and then ship them with UPS.

*This program is only available in the 48-contiguous United States.
