

## CARTRIDGE RECYCLING

### Why recycle?

We know how important it is to take care of the environment. That's why we've created a cartridge recycling program so you can feel empowered to go green and save the world one cartridge at a time.

### How to recycle cartridges:

#### A. RECYCLING HP TONER

It's easy to recycle HP Toner, return labels are already included right in the box!

Follow these three steps;

1. Put cartridge in original box
2. Affix included return label to original box
3. Send in mail for recycling

#### B. ALL OTHER CARTRIDGES

Fill out the brief form below and return to **southdakota@innovativeos.com** or by fax to **952-894-7153**. We'll then email you a PDF of your pre-paid return UPS shipping label. Packing and shipping instructions will be on the label. Use one label per shipment and order more when you have another return.
