It is understood and agreed that, if this certification is false, such false certification will constitute grounds for the State to reject the bid submitted by the bidder on this project and terminate any contract awarded based on the bid. The successful bidder further agrees to provide immediate written notice to the contracting executive branch agency if during the term of the contract it no longer complies with this certification and agrees such noncompliance may be grounds for contract termination.

SERVICE FOR HIGHWAY PATROL VEHICLES

For highway patrol vehicles requiring service, the initial appointment and diagnosis is to be completed within 3 business days of initial contact made at the dealership. The repair is to be completed within 10 calendar days of initial appointment unless otherwise agreed upon by the agency and servicing dealer.

AGENCY RESPONSIBILITIES

Three (3) State of South Dakota check lists will be provided to the ordering agency for each unit. One completed copy will be retained by the pre-delivery dealer to attach to the invoice as proof of inspection. One copy will remain with the vehicle in the glove box. This copy will be sent to Fleet Management Motor Pool. One copy will be forwarded to ordering agency for their files.

RE-CHECK OF PRE-DELIVERY INSPECTION:

Agencies will be allowed to return the vehicle to the pre-delivery dealer for a re-check according to the pre-delivery check list.

Agency personnel will note all deficiencies that require correction on the check list. Deficiencies not checked WILL NOT be corrected.

Agencies must have the unit in service for 500 miles (not including delivery miles), or 10 days, before returning the unit for deficiency correction. No charges will be made by the pre-delivery dealer for any check list corrections, however, do not expect this service to continue beyond the number of days specified. Any correction of check list deficiencies after 20 days will be at agency expense.
