

DakotaDome Renovation, 2019-2020

OSE PM: Brent Morford, EIT

A/E: JLG Architects

Prime: Fiegen Construction

GMP: \$20.5m

CCO's to date: \$1.84m (incl. bid alternates, unforeseen conditions, and Owner requested scope additions)

Description: The west seating area of the Dakota Dome was re-envisioned from an area with limited seating and retractable bleachers into a new structure with permanent stadium-style general seating, upscale loges, a new football locker room, training space, and coach's offices. Construction is ongoing and completion is planned in time for the Fall 2020 college football season.
